

Conference on Cryptographic Hardware and Embedded Systems (CHES)

Santa Barbara, USA – August 17-19, 2016

Call for Posters

The annual CHES conference highlights new results in the design and analysis of cryptographic hardware and software implementations. CHES provides a valuable connection between the research and cryptographic engineering communities and attracts participants from industry, academia, and government organizations.

Proposals for a poster presentation at CHES 2016 should be submitted to billy.brumley@tut.fi.

Submissions on topics of broad interest to the CHES community are welcome and the submission deadline is July 31, 2016, 23:59 PST (extended). Poster submissions must provide the following information as a single-page pdf

- Poster title
- Author list, indicating a contact author (with name, affiliation, phone and email address)
- Abstract (up to 500 words)

Notification of acceptance will be by August 2, 2016. Accepted posters must be displayed in standard A0 format and at least one author for each poster must be available for discussion during the poster session at CHES 2016. For more information please contact Billy Bob Brumley (poster session chair) at billy.brumley@tut.fi.

Call for Tutorials

The program co-chairs also welcome proposals for half-day tutorials at CHES 2016. The presenter of an accepted proposal will be offered a complimentary registration to CHES 2016 and a fixed stipend towards their travel costs. Please submit your single-page pdf proposal for a tutorial including title, speaker name, speaker affiliation, and abstract by June 19, 2016, 23:59 PST to Axel Poschmann and Benedikt Gierlichs at ches2016programchairs@iacr.org.
